

NON-LOCALLY FUNDED PROGRAMS

In order to further the goals and objectives of the Essex County Public Schools Division, the Essex County School Board may seek sources of revenue to supplement the funds provided through local, state and federal funding.

To promote efficiency in developing proposals and making application for specially funded programs, the superintendent may establish procedures for the preparation of proposals and their review. The superintendent shall ensure that none of the conditions of acceptance is in conflict with the policies of the Essex County School Board, the objectives of the Essex County Public Schools Division, or state or federal law.

The superintendent or superintendent's designee may submit proposals or applications for grants prior to approval by the Essex County School Board. No such application or proposal shall be binding on the Essex County School Board without its approval.
